Varsity LB Coach & Defensive Coordinator
Varsity Outfield Coach

To Whom it may concern,

It is my pleasure to recommend Dallen Rice for any team in need of an athlete of great character and integrity. I have had the opportunity to coach Dallen since he was a freshman in baseball and football at Bear River High School.

Dallen is a special kind of player who has shown to be capable of understanding his role, starting as a follower and progressing into a leader. He listens well and asks great questions in order to make sure he can follow any direction to the best of his ability, and responds very well to any feedback given.

This year he has transitioned into a leadership role on our football team, becoming one of our captains on the varsity squad. He is very determined to do things the right way and make sure that he is bringing those around him in the same direction.

In addition to Dallen's leadership and athletic skills on the field of play, I have also been able to monitor Dallen's presence in the community and school. I work as a Paraeducator in a classroom for the emotionally disturbed SPED department, and on many occasions Dallen has done right by those who have had a difficult upbringing, needing support from those around them. He does not shy away from those in need, whether it is his teammates or anyone in need of guidance and leadership.

Dallen would be a great candidate for any team at the next level, and will rise to any challenge given. He will take on whatever role he needs to and will excel if given the opportunity. If there are any questions or concerns, please reach out and I will be happy to answer them.
