To whom it may concern,

I am writing this letter of recommendation for the reference of character for Dallen Rice. Dallen has been in our program now for three years. In those three years, he has shown tremendous growth as a football player, student, leader, and teammate. So much so that he was elected a team captain this football season. Dallen is an extension to our coaching staff, analyzing the game in a holistic view to try and determine what it takes to win. He is one of our hardest workers out on the practice field and in the weight room. All of that hard work is paired with a positive and electric attitude that is contagious for his teammates. Dallen brings energy, toughness, and loyalty to our program. He would make a great addition to any program. He is a great football player and an even better individual.
